PROFILE

I am a passionate and dedicated second-year Engineering student with a strong foundation in programming and software development. Skilled in C and Python, I apply my abilities through coding challenges, problem-solving, and building practical projects. With a focused and goal-driven mindset I am seeking opportunities to contribute to real-world projects and deliver meaningful, high-quality work in a professional environment.

SKILLS

-Languages- C, Python, SQL, CSS, JavaScript
-Web development
-GitHub
-Communication
-Team Work
-Quick learner

PROJECTS

VIBELY

- Designed a community-based social app concept enabling users to discover and engage in interest-driven groups.
- Defined features for real-time interaction, personalized feeds, and smooth communication to boost user engagement.

PLANORA

- Created a mood-based productivity app concept integrating task management with emotion tracking and motivational tools.
- Focused on personalized reminders, clean UI/UX, and gamified features to support consistent productivity.

TRAVELORA

- Conceptualized an AI-powered travel planning platform offering personalized itineraries based on preferences and budget.
- Designed a system connecting users with verified travel agents for bookings and real-time trip customization.

EDUCATION

Bachelor of Technology in Computer science and Engineering

Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex under MAKAUT (2024-2028)

Higher Secondary

Kendriya Vidyalaya
C.R.P.F Durgapur under
CBSE

Secondary

Kendriya Vidyalaya C.R.P.F
Durgapur under CBSE

ACHIEVMENTS

-Certification in SQL
-Certification in Web Development
-certification in Cyber Security
